## Welcome to ARTNATIONS Pages

International digital art and culture museum powered by Artificial Intelligence.

ARTNATIONS is a digital museum equipped with artificial intelligence technology support in providing services to the public. By accessing this technological system, the public will be presented with super-sophisticated services related to the provision of information and collections of art and culture throughout the history of human life from all over the world.

# Voice

Futuristic, Informative, Educative

# Mission

To be the center of the largest and most comprehensive collection of the history of art and culture of human civilization in the world that maintains and preserves art and culture from around the world as well as being a center for knowledge sources and also providing information to the wider community about the history of human life.
